eGNITE the heat. eGNITE the moment.

eGNITE Control 13"

The Witt eGNITE Control 13" is a modern pizza oven built for everyday life – and every space. With advanced carbon heating technology and a smart touchscreen, it brings authentic pizza baking into your kitchen, patio or balcony – with zero fuss.

Ready to bake in just 11 minutes, this oven is safe, sleek, and impressively efficient. The top-mounted carbon heater delivers powerful performance while keeping the oven safe for indoor use – so you can plug it into a regular wall socket and start baking.

Electric made easy – just plug in and enjoy perfect pizza, anytime, anywhere.

eGNITE Control 13" pizza oven

Indoor-Ready Design

Electric-powered and compact – ideal for countertop pizza baking without compromise.

Carbon Top Heat Technology

3 powerful Top-Mounted Carbon Heaters deliver even top heat and crisp results – while remaining safe for indoor use.

Safe Plug & Play Convenience

No special wiring or setup needed – just plug into a regular socket and go.

7 guided pizza modes and full manual control

Clear, responsive, and designed for ease – with 7 pizza modes and full manual control.

Space-Smart 13" Format

Fits pizzas up to 33 cm – ideal for modern living spaces.

Smart Temperature Monitoring

Dual sensors monitor both ambient and stone temperature for more stable and consistent bakes.

Touch Navigation Control + TFT Display

Effortless and intuitive – adjust settings with a simple tap on the responsive touchscreen, with precise temperature control for consistently perfect results.

Bakes pizza from 60–90 seconds – and so much more

Fast baking with full temperature control – opening up a world of possibilities beyond pizza.

Fast 11-minute heat-up to 400 degrees

No lengthy preheat – ready to bake in just 9 minutes.

All-Season Performance

Durable, and insulated – made to deliver perfect results, from summer nights to winter gatherings.

Soft Close oven door with three-layer glass

Closes gently and silently – with three layers of heat-resistant glass for enhanced safety and insulation, and a premium feel every time.
